

# Benefits of a Water Softener

Every house in the South of England should have a Water Softener. Once you have a Softener, you will say, “I can’t believe I didn’t get a Softener earlier”

- Keeps your Kitchen & Bathroom scale and spot mark free.
- Descales your boiler and appliances over time and makes them last years longer.
- Eliminates existing scale on your taps and shower screen.
- All of your pipes throughout the whole house will descale over time and work more efficiently, whilst reducing your heating bills.
- Skin: Improves dry skin dramatically. Eczema and Psoriasis: Most cases improve or clear up completely.
- No more hand creams and barely any moisturisers. Half the amount of face cream.
- Shampoo: Half the amount. Conditioner: One quarter of the amount.
- Household Cleaning Products, Body Soaps and Shower Gels: Half the amount.
- Washing Powder: 1 tablespoon, that’s less than a quarter of the amount.
- No more Descalers, Dishwasher Salt or Rinse Aid.
- Half the amount of Dishwasher Powder
- No more Calgon at £12 a box.

**THE MONTHLY  
SAVINGS THAT YOU MAKE ARE  
BETTER THAN ANY INTEREST YOU  
WOULD GET FROM A BANK**
