GLAMOUR

The large chromed surfaces and the elegance of the thin lines are two aspects of the Glamour collection. The contrasts created by this combination give a sensation of floating to the accessories. Visual grace and modern design create an ideal bond of balance throughout Glamour.

ECCO

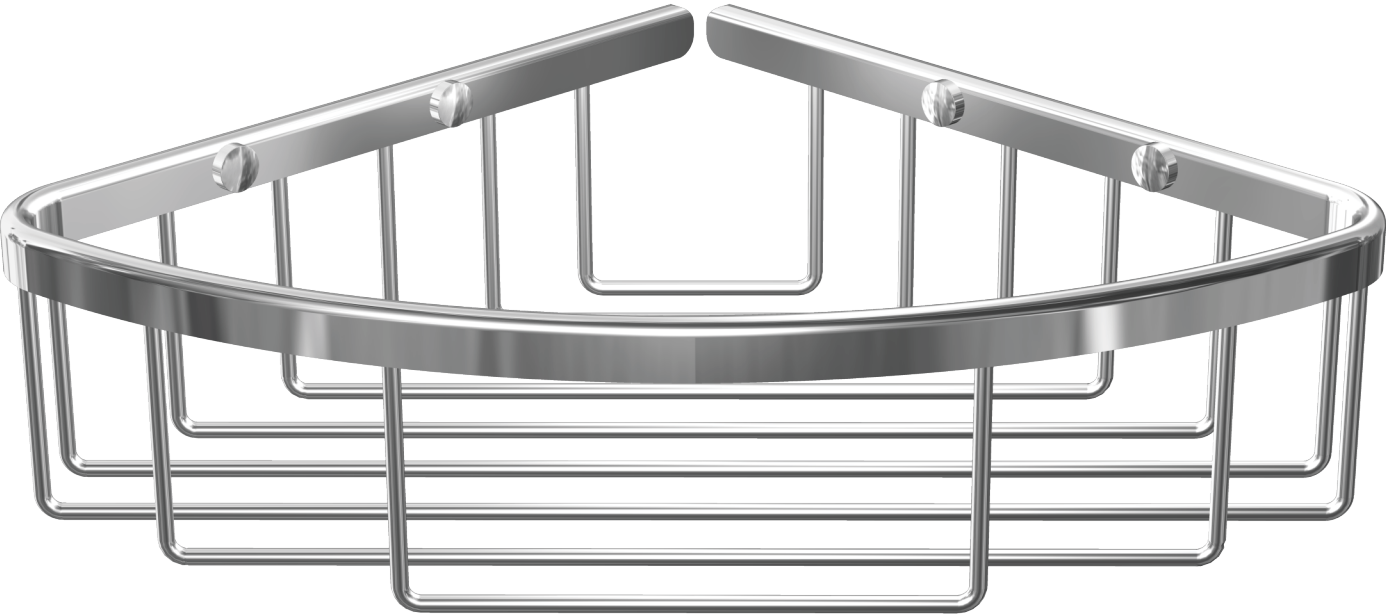

Ecco is a leading collection with timeless style. Square, minimal lines blend with smooth surfaces to reflect a lighter result in this original design. Ecco form was created in order to meet the needs of a modern bathroom recognizing that luxurious design is just as important as comfort and functionality.

SCANDAL

When Violek designed the Scandal collection there were hesitations between a round and a square form. Our doubts led up to an innovative design that fits harmoniously in every decorating style and attitude. Scandal accessories are not defined by the restrictions of a strict square design or the simplicity of a round one.
